I'm looking for a way to activate a new Microsoft Office 2010 with a KMS key of a previous version of Microsoft Office (2003, 2007, or 2010), and I discovered that there is a specific application that does exactly that: KMSAuto. KMSAuto is an activator for Microsoft Office 2010 which is developed by a team of programmers called KMSLite. KMSAuto converts your KMS key to a product key, and it also helps activate your Microsoft Office 2010. The Windows 8 and 8.1 activator also activates the Microsoft Office 2010 with the KMS key of a previous version of Microsoft Office. KMSAuto is the most accurate and effective way to activate the Windows 8 and 8.1 activator.
